

Bilateral collaborations under Generic Call for Proposals 2017: International collaborative research projects (PRCI)*

	Collaboration themes	Societal challenges concerned	Lead Agency
Brazil (FACEPE)	<ul style="list-style-type: none"> Information and communications technology (ICT) Sciences humaines et sociales 	Challenges 7, 8, and the Other knowledge challenge	-
Brazil (FAPESP)	<ul style="list-style-type: none"> Information and communications technology (ICT) Sciences humaines et sociales 	Challenges 7, 8, and the Other knowledge challenge	Yes
Canada (NSERC)	Themes of the Canadian SPGP programme (Strategic Partnership Grants for Projects): Environment and Agriculture; Advanced Manufacturing; Information and Communications Technologies; Natural Resources and Energy	Challenges 2, 3, 5, 6, 7, and the Other knowledge challenge	-
Chine (NSFC)	<ul style="list-style-type: none"> Water security in watershed (1) Water cycling in watershed and its response to global change (2) Impacts of human activities on water security in watershed, remediation and water management Green chemistry (recycling, reuse, remediation, chemistry bioresources, CO2 transformation) Materials (physical metallurgy) Energy and resource - efficient ICT 	Challenges 1, 2, 3, 7, and the Other knowledge challenge	-
Hong Kong (RGC)	All disciplinary fields funded by ANR and HK agency	All challenges except challenge 9	-
Japon (MEXT/JST)	Generic Technologies for remote control in hostile environments: robotics including cobotics; remote operation; localization and mapping; image processing; observation system; sensor and materials. <i>MEXT funding is restricted to nuclear research whereas ANR funding is not dedicated to nuclear research, as a consequence the research proposals are expected to concern dual research work and technologies that can be relevant for decommissioning but could be applied to the fields other than nuclear field.</i>	Challenges 3, 7	-
Mexico (CONACYT)	<ul style="list-style-type: none"> Efficient resource management and adaptation to climate change Food security and demographic challenges Social sciences and humanities 	Challenges 1, 5, 8, and the Other knowledge challenge	-
Singapore (NRF)	Materials nanotechnologies, nanosystems applied to challenges 2, 3, 6 and 7 : Clean, secure and efficient energy ; industrial renewal ; sustainable mobility and urban systems ; sustainable information and communication society	Challenges 2, 3, 6, 7	-
Taiwan (MOST)	All disciplinary fields funded by ANR and Taiwanese agency	All challenges except challenge 9	-
Turkey (TUBITAK)	<ul style="list-style-type: none"> Marine geosciences Seismic risks Sustainable development of marine ecosystems Social sciences and humanities ICT Energy 	Challenges 1, 2, 5, 7, 8, and the Other knowledge challenge "	-
Germany (DFG)	All disciplinary fields funded by ANR and German agency, except social sciences and humanities*	All challenges, except challenge 8*	Yes
Austria (FWF)	All disciplinary fields funded by ANR and Austrian agency	All challenges	Yes
Luxembourg (FNR)	All disciplinary fields funded by ANR and Luxembourgish agency	All challenges	Yes
Switzerland (FNS)	All disciplinary fields funded by ANR and Swiss agency	All challenges	Yes

* In case of any difference of interpretation, the French version of the present document shall prevail

** Social sciences and humanities are the subject of a specific bilateral ANR-DFG call (« FRAL »)
