

Chaire d'excellence en biologie/santé – Levée 2

Avril 2024

Liste des 8 lauréats

Acronyme & titre du projet	Responsable du projet	Etablissement coordinateur
CoTransSplice <i>Structural and biochemical studies on the coupling of mRNA transcription and splicing</i>	M. Albert Weixlbaumer	IGBMC-CERBM
DECISIVE <i>Dissecting the Neuroendocrine Determinants of Polycystic Ovary Syndrome</i>	M. Paolo Giacobini	INSERM
DIPP-IMMUNE <i>Dissecting Protective and Pathogenic Long-lasting Humoral Immunity</i>	M. Matthieu Mahevas	INSERM
EpigeneticMemories <i>Deciphering the role of regulatory factors driving epigenetic inheritance of alternative chromatin states</i>	M. Giacomo Cavalli	CNRS
LivingOrigami <i>How do geometry and mechanics control and constrain morphogenesis?</i>	M. Thomas Lecuit	CNRS
MicroINTERACT <i>The role of microbial interactions in pathogenesis and health</i>	Mme Olaya Rendueles	CNRS
SensoPAP <i>Nanoscale dynamics and functional role of perisynaptic astroglial processes in wiring synaptic circuits in mice and humans</i>	Mme Nathalie Rouach	Collège de France
ToxoNeoSex <i>Epigenetically Reprogrammed Sexual Stages: An Animal-Free Model to Study Zoonotic Transmission of Endemic Parasites and their Species Barrier</i>	M. Mohamed-Ali Hakimi	INSERM
